Critical Intelligence Problems Committee

11 June 1985  
DDW-118

WEEKLY ACTIVITIES AND STATUS REPORT FOR THE DD/ICS--11 June 1985

CIPC Organizational Activities

- The DCI has approved the Terrorism Study for NFIC consideration. In addition, the DDCI has noted that the study was "good," however, he did not approve seven of the 52 recommendations on the grounds they represented micromanagement.
  - We are in the process of revising the study in accordance with the DDCI's comments. It will be forwarded to the NFIC members next week for their information and review.
  - Arrangements have been made with the NFIB Secretariat to table the Terrorism Study at an NFIC Meeting in early July, possibly the 2nd.
- The Mobile Missile Study was delivered to the CIPC principals by CIPC staffers on 11 June.
- I understand that CIA will be providing me a three-page position paper on the Mobile Missile Study by COB tomorrow to forward to the CIPC Members.
- Efforts are under way to reestablish the BMD Working Group to develop the follow-up BMD report for the DCI. We have allotted the working group 60 days to complete their report for CIPC review.
  - In addition, Rich will be visiting NSA on 12 June, and will be reviewing the draft Perry Panel Report. If all goes well, he will also acquire a bootleg copy.

25X1 CBW Intelligence Subcommittee: [REDACTED]

- 25X1 ● [REDACTED] has received his copy of the CIPC CBW Intelligence Subcommittee Report, and, with Paul's help, will be preparing a few brief remarks to introduce the final report at the 17 June CIPC Meeting. Also regarding CBW, last week Paul attended a State Department open forum where

Narcotics Intelligence:

- Paul is preparing an input for the narcotics follow-up report based on his review of intelligence reporting related to narcotics of the last several years.
- Drafting continues on the Follow-up Narcotics Report, and a working group meeting is scheduled for next week to review the initial draft.

25X1

International Terrorism Activities:

- Jim attended the fourth session of the IR&DC Steering Group which oversees development of R&D requirements for counterterrorism. An MFR is in preparation.
